

The CAD Software Market and Its Related Document Output: A Multi-Client Study

Project Director:	Norman McLeod, Director of Market Research
Senior Advisors:	Eve Padula, Corporate Writer Kristin Yule, Research Analyst
Creative Services:	Georgia Savory, Desktop Publisher

Table of Contents

Project Objectives..... 6

Methodology..... 6

Executive Summary..... 6

Key Findings..... 9

 Market Size..... 9

 Spending on Printers..... 12

 Key CAD Software Vendors..... 13

Key Findings..... 14

 Key Trends..... 14

 Verticals..... 15

 Printing and Scanning..... 16

 Investment..... 22

 Other Key Findings..... 23

Survey Findings..... 26

 Introduction and Summary..... 26

 Company Background..... 27

 Role in Purchasing CAD Products..... 33

 Software..... 33

 Hardware..... 35

 Perceived Importance of CAD Software..... 37

 Use of CAD Software..... 38

 Duration of Use..... 38

 Hours/Week..... 39

 Broad Applications..... 40

 Product Experience..... 41

 Rate of Satisfaction with Primary CAD Program..... 42

 2D vs. 3D..... 44

 EDMS Ownership..... 47

 PLM Software Ownership..... 49

 Presence of Digital Plan Room..... 51

 BIM Program Use..... 54

 Agreement with Statements..... 56

 Importance of CAD-Related Goals..... 58

 Brand of Printer Used for CAD..... 59

 Monochrome..... 59

 Color..... 60

 Number of Prints Generated Per Week..... 61

 Printing Volume from CAD Programs..... 63

 Percentage of CAD Printing by Purpose..... 65

 Anticipated Change in Color Use..... 66

 Cost Billing for CAD-Related Printing..... 68

 CAD-Related Activities Handled by Third Parties..... 69

 Investments in CAD-Related Software..... 72

 Frequency..... 72

 Annual Expenditure..... 73

 Investments in CAD-Related Hardware..... 77

Conclusion..... 84

List of Figures & Tables

Figure 1: CAD Software Revenues Segmented by Key Segment..... 7

Figure 2: Wide Format Technical Printing: Media Volume and Revenue, 2007-2011..... 8

Figure 3: Global Revenues from CAD Software, 2003 – 2007 9

Figure 4: Global Revenues from CAD Software, 2003 – 2007, U.S. \$ Million..... 9

Figure 5: Geographic Distribution of Global CAD Revenue..... 10

Figure 6: Global CAD Software Revenues Segmented By Licenses Versus Maintenance 11

Figure 7: Global CAD Software Revenues 2007 - 2011 11

Figure 8: Global CAD Software Revenues 2007 – 2011, U.S. \$ Million 12

Figure 9: CAD-Related Printers And Media 12

Figure 11: Respondents Segmented By Industry 15

Figure 12: Square Meters of Technical Wide Format Printing Based on Survey Data 16

Figure 13: Number of Employees by Number of Prints 16

Figure 14: Expected Three-Year Trend In Print Volume 17

Figure 15: Opinions On Print Versus Electronic 18

Figure 16: Countervailing Forces Working On Projected Print Volumes..... 18

Figure 17: Print Volume Trends By Application Area 19

Figure 18: Drivers Of Increased Color Printing..... 20

Figure 19: Current Cost-Accounting Approaches 21

Figure 20: Frequency of Investment in CAD software 22

Figure 21: Frequency of Investment in CAD-Related Hardware 23

Figure 22: Satisfaction with Current CAD Program 24

Figure 23: Which of the following best describes your position in your company? 27

Figure 24: Company Position Segmented By Industry 28

Figure 25: Which of the following best describes your company’s primary industry? 28

Figure 26: How many sites does your company have? 29

Figure 27: Number of Sites Segmented by Industry..... 29

Figure 28: In how many countries does your company have sites? 30

Figure 29: Number of Countries Segmented by Industry 31

Figure 30: On which continent is your company’s primary headquarters located? 31

Figure 31: Location of HQ Segmented by Industry..... 32

Figure 32: In total, how many employees work at your company?..... 32

Figure 33: Number of Employees by Prints Produced..... 33

Figure 34: Which of the following best describes your role in the purchase of CAD-related software? 34

Figure 35: Decision-Making Role Segmented By Industry 34

Figure 36: When it comes to purchasing CAD software, what is the decision-making role for the following personnel members within your company?..... 35

Figure 37: Which of the following best describes your role in the purchase of CAD-related hardware?..... 36

Figure 38: Decision-Making Role For CAD-Related Hardware Segmented By Industry..... 36

Figure 39: Thinking about all the software applications you use professionally, which of the following statements best describes the importance of CAD program(s)? 37

Figure 40: Importance of CAD Programs Segmented by Industry 37

Figure 41: For how long have you been using CAD Software? 38

Figure 42: CAD Experience Segmented By Industry..... 38

Figure 43: Approximately how many hours per week do you spend using your CAD software? 39

Figure 44: Hours per Week Spent Using CAD Software Segmented By Industry..... 39

Figure 44: Hours per Week Spent Using CAD Software by Primary Usage 40

Figure 45: What are the broad applications for which you use your CAD Software?..... 40

Figure 46: With which CAD software suppliers do you have experience or knowledge? (Tier 1) 41

Figure 47: With which CAD software suppliers do you have experience or knowledge? (Tier 2) 41

Figure 48: With which CAD software suppliers do you have experience or knowledge? (Tier 3) 42

Figure 49: How satisfied are you with the following attributes of your current primary CAD program? 42

Figure 50: Satisfaction with Current CAD Program Segmented by Industry 43

Figure 51: Are there any specific improvements that you would like to see in your CAD software?..... 43

Figure 52: Desire for Specific Improvements in CAD Software, Segmented by Industry..... 44

Figure 53: What is the current percentage split at your company between 2D and 3D CAD?..... 44

Figure 54: 2D Versus 3D Split Segmented By Industry 45

Figure 55: Do you expect that your company will be using 3D CAD in the future? 45

Figure 56: Future Expectations for 3D Usage Segmented By Industry 46

Figure 57: Over the next three years, how do you expect your company’s use of 3D CAD as a share of your total CAD to change? 46

Figure 58: 3D’s Future Share of CAD Usage Segmented By Industry 47

Figure 59: Does your company have an automated EDMS (Electronic Document Management System)? 47

Figure 60: Automated EDMS System Usage Segmented By Industry 48

Figure 61: Do you expect that your company will be using an EDMS in the future? 48

Figure 62: Future EDMS Usage Expectations Segmented By Industry 49

Figure 63: Does your company have a PLM (Product Lifecycle Management) software system? 49

Figure 64: Current PLM Software System Usage Segmented By Industry 50

Figure 65: Do you expect that your company will be using a PLM system in the future? 50

Figure 66: Future Expectations, PLM System Usage, Segmented By Industry 51

Figure 67: Does your company have a digital plan room? 51

Figure 68: Current Digital Plan Room Usage Segmented By Industry 52

Figure 69: Are your digital plans generally supplemental to archived hard copies, or are they replacing hard copies? 52

Figure 70: Digital Plans, Substitution versus Addition To Hard Copy, Segmented by Industry 53

Figure 71: Do you expect that your company will have a digital plan room in the future? 53

Figure 72: Future Expectations, Digital Plan Room Usage, Segmented By Industry 54

Figure 73: Does your company currently utilize a BIM (Building Information Modeling) Program? 54

Figure 74: Current Usage, Building Information Modeling System, Segmented By Industry 55

Figure 75: Which of the following best describes your company’s likely future plans regarding BIM? 55

Figure 76: Expected Future Usage, BIM, Segmented By Industry 56

Figure 77: To what extent do you agree with each of the following statements? 56

Figure 78 : To what extent do you agree with each of the following statements? 57

Figure 79: Agreement with Statements Regarding Hard Copy Prints, Segmented By Industry 57

Figure 80: On a 100-point scale, how important is each of the following goals to your company? 58

Figure 81: Importance of CAD-Related Goals Segmented By Industry 58

Figure 82: Which of the following brands of monochrome laser/LED large format printers does your company currently use for CAD printing? 59

Figure 83: Brand of Monochrome Laser / LED Large Format Printer Segmented By Industry 59

Figure 84: Which of the following brands of color-capable inkjet large format printers does your company currently use for CAD printing? 60

Figure 85: Brand of Color-Capable Inkjet Printer Segmented By Industry 60

Figure 86: About how many prints per week do YOU generate from your CAD program(s)? 61

Figure 87: Number of Prints Personally Generated Segmented By Industry 61

Figure 88: About how many prints per week does your ENTIRE SITE generate from its CAD program(s)? 62

Figure 89: Number of Prints Generated By Entire Site, Segmented By Industry 62

Figure 90: Is your site’s printing volume from its CAD programs growing, declining, or remaining stable? 63

Figure 91: Change in Site Print Volume, Segmented By Industry 63

Figure 92: What is the mean reason for your company’s growth in CAD print volume? 64

Figure 93: Main Reason for Growth In CAD Printing, Segmented By Industry 64

Figure 94: Thinking of your entire CAD printing, what percentage can be attributed to each of the following broad purposes? 65

Figure 95: Purpose of CAD Printing Segmented By Industry 65

Figure 96: For each of these broad categories, how do you expect its share of CAD-related printing to change over the next three years? 66

Figure 97: How do you expect the use of color in your CAD printing to change over the next three years? 66

Figure 98: Expected Change in Color Print Volume, Segmented By Industry 67

Figure 99: Anticipated Increase in Color CAD Printing by Primary Application..... 67

Figure 100: Which of the following are drivers for your expected increase in color printing? 68

Figure 101: Is the cost of your CAD-related printing and copying billed to your internal or external clients, or is some or all of that cost just an overhead expense? 68

Figure 102: How much of your CAD-related printing, copying, and scanning is handled by fee-for-service third parties such as reprographers?..... 69

Figure 103: How much of your CAD-related printing, copying, and scanning is handled by fee-for-service third parties such as reprographers? (Means) 69

Figure 104: Amount of CAD Print Volume Handled By Third Parties, Mean, Segmented By Industry 70

Figure 105: Percentage of CAD-Related Printing/Copying/Scanning Assigned to Third Parties by Primary Application 70

Figure 106: Expected Change in CAD-Related Print Volume Done By Third Parties 71

Figure 107: Expected Change In CAD-Related Print Volume Done By Third Parties, Segmented By Industry 71

Figure 108: On average, how frequently does your company invest in CAD-related software? 72

Figure 109: Frequency of Investment in CAD Software Segmented By Industry 72

Figure 110: On average, how much does your company spend each year on CAD-related software?... 73

Figure 111: Annual Spending On CAD Software, Segmented By Industry 73

Figure 112: Over the next five year, how do you expect your annual expenditure on CAD-related software to change? 74

Figure 113: Expected Change in Annual Expenditure On CAD Software, Segmented By Industry 74

Figure 114: What do you consider to be the primary reason for the anticipated growth in CAD-related software expenditure? 75

Figure 115: Primary Reason for Investment in CAD Software, Segmented By Industry 75

Figure 116: Main Reason for Decline In Investment In CAD-Related Software 76

Figure 117: Main Reason for Decline in Investment In CAD-Related Software, Segmented By Industry. 76

Figure 118: On average, how frequently does your company invest in CAD-related hardware?..... 77

Figure 119: Frequency of Investment in CAD-Related Hardware Segmented By Industry 77

Figure 120: How does your company acquire CAD-related printers or scanners? 78

Figure 121: How CAD-Related Printers or Scanners Are Acquired, Segmented By Industry 78

Figure 122: When selecting a CAD-related hardware device, what is the most important attribute that you take into consideration? 79

Figure 123: Most Important Attribute When Selecting a CAD-Related Hardware Device, Segmented By Industry 79

Figure 124: When selecting a CAD-related hardware device, what is the second most important attribute that you take into consideration?..... 80

Figure 125: Second Most Important Attribute When Selecting A CAD-Related Hardware Device, Segmented By Industry 80

Figure 126: When selecting a CAD-related hardware device, what is the third most important attribute that you take into consideration?..... 81

Figure 127: Third Most Important Attribute When Selecting a CAD-Related Hardware Device, Segmented By Industry 81

Figure 128: Attributes Chosen for Selecting a CAD-Related Hardware Device (Multiple Responses) 82

Figure 129: Attributes Chosen or Selecting A CAD-Related Hardware Device (Multiple Responses), Segmented By Industry 82

Figure 130: Attributes NOT Chosen for Selecting A CAD-Related Hardware Device (Multiple Responses) 83

Figure 131: Attributes NOT Chosen for Selecting A CAD-Related Hardware Device (Multiple Responses), Segmented By Industry 83
