### Abstract

This document provides a placement summary for the digital single- and multi-function printers placed in staffed environments in the on demand, data processing, and production copying markets for 2007 and 2008. It also includes an overview of the major market trends that affect placements. Placement data and market share tables from 2006 to 2008 comparing 2007 and 2008 results are included within the discussion of each segment, as well as for many of the sub-segments. This document is a companion to the Excel pivot table containing the placement information and the product list.
